

Medications for Opioid Use Disorder (MOUD) Training

The University of Iowa Addiction and Recovery Collaborative (UI ARC) offers a comprehensive two-part course on medications for opioid use disorder (MOUD). This training fulfills the one-time 8-hour DEA education requirement for treating and managing patients with opioid or other substance use disorders.

COURSE DETAILS:

- **Date:** Thursday, June 5
- **Time:** 1:00-5:00 PM
- **Format:** Virtual Session
- **Location:** Zoom (link will be provided upon registration)
- **CME:** Available
- **Register to attend here:** <https://redcap.link/mattrainingregistration>

The course includes a 4-hour online self-study component, with access instructions provided upon registration. A week before the training, you will receive an email with additional information and instructions on how to access the self-study materials. Registration is required by June 1st. To claim CME credits, participants must complete both parts of the course. The self-study portion must be completed within 30 days following the live training session. If you have any questions, please email us at UIARC@healthcare.uiowa.edu.

PURPOSE AND INTENDED AUDIENCE:

This course is designed for current and future health care providers. Health care professionals in practice and students may complete the training and the training does not expire. The MOUD training will provide health care providers with the opportunity to apply this education to their practice to treat opioid use disorders.

LEARNING OBJECTIVES:

This program will provide comprehensive background and clinical information regarding the pharmacological use of buprenorphine for opioid use disorder treatment. By the end of this activity, participants should be able to:

- Screen and identify patients with Opioid Use Disorder (OUD) and define evidence-based treatments.
- Discuss the pharmacology of opioids in relation to treating patients with OUD.
- Describe the fundamentals of office-based opioid treatment, including addressing co-morbid conditions.
- Explain the process of buprenorphine induction, stabilization, and maintenance.
- Discuss all FDA-approved antagonist and agonist medications for OUD treatment.
- Review basic office protocols, including medical record documentation and confidentiality.
- Utilize evidence-based resources to empower providers to prescribe buprenorphine for patients with OUD.

INSTRUCTORS:

- ❖ **Alison Lynch**, MD, MS, DFAPA, FASAM, Clinical Professor, Departments of Psychiatry and Family Medicine. Director, UI Addiction & Recovery Collaborative
- ❖ **Nicole Woodson-DeFauw**, MD, Clinical Assistant Professor, Departments of Psychiatry and Family Medicine

Joint Accreditation Statement: In support of improving patient care, this activity has been planned and implemented by the American Academy of Addiction Psychiatry and the University of Iowa Addiction & Recovery Collaborative. American Academy of Addiction Psychiatry is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Physician Designation Statement: American Academy of Addiction Psychiatry designates this Other activity (one portion of this course is an independent online activity and another portion of this course is a live face-to-face educational exchange with a clinical expert trained to present this material) for a maximum of 8 (eight) *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing Designation Statement: American Academy of Addiction Psychiatry is an approved provider of nursing continuing education through AAP's Joint Accreditation provider # 4008192. This program is approved for up to 8 Nursing Contact Hours.

PA Designation Statement:

American Academy of Addiction Psychiatry has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 8 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Funding for this initiative was made possible by cooperative agreement no. 1H79TI086770 from SAMHSA.
