

Revive Care Iowa

provided by UI Addiction and Recovery Collaborative (UI ARC)

- Living with liver or heart disease/dysfunction?
- Has a provider recommended treatment for substance use, such as opioid, stimulant, or alcohol use?
- Looking for extra support or more flexible care options?

We can help!

We will partner with your liver and/or cardiac team to develop an individualized treatment plan that addresses any substance use or mental health conditions impacting your health. These plans may include **medications**, substance use and mental health **counseling**, **peer recovery coaching**, and intensive **care coordination**. Our services can be provided by telephone, televideo, and in-person.
